March 3 S.S. Project Chap. 11 PowerPoint due

M-STEP Test Tentative Dates:

Tuesday, April 14 Math

Thursday, April 16 ELA

Tuesday, April 21 Science

Thursday, April 23 Social Studies

MobyMax Social Studies

When the children are completing the Social Studies lessons on MobyMax, they need to make sure to reread if they don't know the answers to the questions. We chose a topic where they have prior knowledge, Native Americans, so hopefully they remember some of the information. They will receive a grade for the lesson and a grade for the tests. Let me know if you have any questions. I can also restart your child's lesson if you'd like them to start over. They are graded on the questions in the lesson, and of course the questions on the test.

Eisenhower NHS Tutoring

The Eisenhower National Honor Society is hosting a weekly FREE tutoring session held on Wednesday afternoons from 4-6 PM in the Eisenhower Media Center.

Parents may register their students by submitting a request located on our website:
<http://ikenhs.weebly.com/eagle-tutoring.html>.

This will allow us to prepare adequate tutors for each subject matter. We ask that parents complete the form by Sunday night each week in order to allow us to organize the correct number of NHS students.

Their goal is to provide a safe and productive environment for both students needing help and our NHS members offering their service. Additionally, a staff member will be on site every week checking in registered students and monitoring the sessions.

S.S. Project

When we return from break, the children will use the notes we've been taking in Social Studies to create PowerPoints on their new Office 360 account from UCS. The rubric will come home on Monday and they will have 3 class periods to work on it during school and the rest can be finished at home. This will count as a test grade, so please feel free to go over their project with them prior to turning it in on the due date. They won't be summarizing all the events. They will get to choose 3.
