Nov. 26 "Kids" Thanksgiving lunch

Dec. 2 November Silent Reading Book Due

Dec. 5 Spelling Units 14 or 2 Due

Dec. 6 Remembering Pearl Harbor

May 19 Field Trip to Green Field Village

Conferences

I had a really nice time meeting with everyone on Thursday. I am blessed with a fantastic class of students and parents. I'm looking forward to finishing conferences Tuesday evening. Please refer to the schedule I sent home on Wednesday to confirm your time.

Movie Tomorrow

We finished the book *The Witches* by Roald Dahl and tomorrow they will be watching the movie in the afternoon. They were told they could bring in an extra "unhealthy" snack and a pop to enjoy during the movie. The only requirements are that it must be one snack, not a feast, and that the pop must have a lid or cap, no cans.

2 Upcoming Extra Activities

Thank you for all the generous donations for a Kid's Thanksgiving and Remembering Pearl Harbor Day. I have everything I need for Thanksgiving, but I still need a few more items for Pearl Harbor Day. I've attached the link for the SlyReply. Thank you for everything!!!

Thankful Paragraph

The children all started revising their paragraphs about what they are thankful for using a set of revising strategies. We've been working on it in class together, but you will need to check it with them at home. We will finish revising on Monday, and it's due on Tuesday. I'm giving them a new copy of the revision requirements now that a few typos have been fixed (Friday). They can use either one, but it must be signed by you.

Think Central Math Support

If you are having a hard time helping your child with their math homework, you're not alone. ☺ You can go to Think Central to your child's account and click on: My Library, Math Activity Center and Lesson Checks. You will then be able to click on any unit and lesson to get step-by-step directions for the lesson. Hope this helps. You can also print lost assignments from this website. There is a link on my website, and your child has their User Name and password on their password tracker.

Genius Hour

Research started today. Some children may need to watch some of the videos from You Tube at home. They are blocked from our school website. They should mark down any resource they use on the Bibliography page in their packet.
