May 19 Field Trip to Green Field Village

Assignment Books

Please read over your child's assignment book and make sure all their homework is finished and sign it each night.

Website

Please bookmark the website located at the top of this newsletter. You'll find a lot of helpful information including schedule for each day, helpful website links, due dates and more. You can also find a PDF of this Newsletter saved for future reference.

Binders

Please make sure your child has their 3-ring binder here by Wednesday. We will be starting our portfolios and 5th grade goals.

Policies and Procedures

You'll find a copy of our classroom policies in your child's folder. Please read them over with your child and return the bottom portion in his/her Friday Folder. We have already talked about almost everything, but hearing it again with you helps.

Party Leaders/Donations for Parties

During Open House, I'll be asking for a couple parents/party to plan the activities. We have 3 parties, so I'll need 6 parents. SlyReply links will be set up for parents to send in items for each party or special event closer to the time. You are welcome to donate as much or as little as you are able. I'd encourage everyone to donate to at least 1 special activity throughout the year.

Gym

Gym is on Wednesdays. Please help remind your child to bring or wear appropriate shoes.

Star of the Week

Please locate the note explaining Star of the Week in your child's Friday Folder. A picture of what it might look like is on my website. Most students put everything on a poster board, but you can just send in the pictures and paragraph and we can staple them to the board. Please don't stress. It's not a grade and is supposed to be fun. Please let me know if you have any questions.

Thank You

A huge thank goes out to everyone who sent in items that I asked for during Cougar Night! I really appreciate it!

Multiplication Facts

Please help your child memorize their multiplication fact 0-9. It is essential that these facts are memorized. They have each created a flash card set specific to their needs with facts they don't know. It's in their binder.
